

E.C. Church Missions Director visits Mercy Home

Rev. Ted Rathman, Global Ministries Commission Director of the Evangelical Congregational Church, visited Pastor Janga and his wife, Mercy, in January, during their E. C. Church of Nepal Annual Conference. **Three of the Mercy Home boys were baptized on January 10th.** The boys are all doing well. As they are growing bigger, their living quarters are getting cramped. Pastor Janga is looking into purchasing land next to the current E.C. Nepal Church headquarters. His vision is to build a home on the new land for the boys. Cost of this building project is estimated at \$25,000.

Christmas Wish in West Bengal is a washing machine

Most Americans take owning a washing machine for granted, especially in a household of 8 children. But for Chinling, Pastor Lalboi's wife, it is a luxury, and an answer to her prayers. This new item will save her many hours of labor to devote to other household tasks. Her new washing machine, purchased by donations to HFC's Christmas Wish List, is pictured below.

The children in West Bengal were very excited to shop for new clothing at Christmas. They also spent many hours practicing a special dance routine, which they performed at Pastor Lalboi's Church on Christmas Day.

Photo was taken after the baptism (L to R) Mercy (Pastor Janga's wife), Mesaac, Jackson, Henry, Pastor Janga

Haiti Boys Enjoy Christmas Break

Pastor Lesly reports that the boys living at the Grace Children's Home in Haiti had a wonderful Christmas. They finished their first semester of school in December and all of them made excellent grades. They take their studies very seriously. Pastor Lesly asks for prayer for the continued safety of the orphanage, and he thanks all who support the boys. Pictured below are Wiskender Jean and Kelyen Dorcely, displaying their Christmas gifts purchased with the money received from HFC sponsors and friends.
