## Seven HFC Students Graduate from College

We are delighted to inform you that all seven third year college graduates have completed their final year of college. Several of them are waiting for the government to release results of their final exams. The COVID-19 pandemic has delayed their career goals, but we are thankful that they were finally able to complete their college studies. So what's next, you ask? **Thang Lal Vung** and **N. Rebec** will be pursuing Master's Degrees and studying for competitive exams. **Lam Nei Lhing** and **Ting Lal Nem** have secured teaching jobs in private schools. **Pao Min Sang** is currently working as a warden at the Nazareth English Boarding School in Churachandpur. He recently took an entrance exam to secure a seat at Manipur University to continue his studies in Anthropology. **Jang Kho Ngam** is searching for a teaching job, and **Lal Muan Pui** plans to take coaching to prepare for taking several competitive exams. In India, the most secure job is a government job. To qualify, candidates must be college graduates. They must also pass competitive exams organized by various central/state departments or from the public/private sector. These exams get tougher every year, and the candidates must receive high scores to be selected for a particular position because the competition is stiff, so coaching for the exams is highly recommended. It's exciting to watch these children achieve their academic goals and qualify for positions that would be prohibitive without a college education.

## PRAISE AND PRAYER UPDATES

1. Pastor Lalboi's wife, Chinling, has recovered from her battle with Covid-19. Praise God for her miraculous recovery!
2. Pray that we will raise \$10,000 to match our business sponsor's pledge for the Education Fund by the end of 2021.
3. Bethel's van, purchased 10 years ago, is in the shop for major repairs. They need \$600 to repair it. Pray for funds to purchase a new van.
4. Sanga Muon is praying for funds to install a tile floor in the girls' dormitory, which was built in 2006. Cost is \$3250.
5. Please be in prayer for our boys in Haiti. They continue to remain safe in the midst of the chaotic political situation and terrorist activity.

Our **HFC Spotlight** is on **Khaiminthang from the Sanga Muon Orphanage**. He was mentioned in our President's Update as the bright boy who has set a goal of becoming a doctor. He is pictured at right holding a skateboard bought with a donation from his sponsors for his birthday. They correspond regularly with him and have recently included him in their Will. This is proof that our sponsors have great influence over their children. Their sponsors' concern about their future means more than words can express. Thanks to **all** of you!
